

Leadership Team Report: Board Meeting June 13, 2017

1. Grade Eight Trip

The grade eight Toronto trip took place earlier this month without any issues and within the proposed budget.

2. Ethan Breukelman

The HR committee held a number of interviews with the candidates for the PSW position for Ethan. The committee would like to present their recommendation for the PSW position at the meeting.

3. Owen Brown

A meeting was recently held with all the people involved in the care of Owen Brown. The meeting was attended by Jolene Makkinga as a representative of the school. Jolene will be able to provide a summary of the meeting.

4. Christian Stewardship Services

Marinus Koole came to the school and held two different workshops regarding the process of setting up a will. Attendance was not very high at either workshop, but it is something that we could attempt to promote more regularly in the coming year. Informational meetings can be held using SKYPE.

5. Human Resources: Maternity Leave Contracts

The HR Committee has held an interview and will be holding several more with the candidates for the Grade 1 and French positions. We are hoping to find a candidate that would be able to do all the French from grade 3 to grade 8 as well as the one high school period. The morning grade 1 position would be filled by someone else until January when Mrs. Hamilton returns.

6. MAP

Before the beginning of the next school year the staff will be receiving some training from the OACS on how the student skill testing is to be implemented and completed.

7. Maintenance

There have recently been several incidents of vehicles coming into our parking lot and doing donuts on the pavement. The Heerema family did get a description of several of the vehicles as they sped off down the road.

8. Grade 8 Awards and Grade 10 Certificates

a) Several of the awards will have double winners and several will only have one winner. We do not want to cheapen any of the awards by giving an award to someone who doesn't really deserve it, but we also do not want to have only one student being left out.

b) The grade ten students get certificates at graduation for completing all of their credits. What about a student that did not attend for the full two years? Do we still give them a certificate?

9. Families Need Board Approval

The office is wondering if there are several families that still need to get board approval as members before they are added to the mailing lists etc.
